Hi Donna,

As discussed, Contrary to Public Interest is keen to brief you on Friday at 0800 at Jeremy's (93 Albert St).

Many thanks,

Contrary to Public Interest

PS As also discussed, we'll postpone lunch with the Minister until post SEQRP as is appropriate. This would be a good opportunity for him to meet our new QLD GM Contrary to Public Interest and see Contrary to Public Interest in his new role as CEO of our Australian residential business.

Hi Donna,

I hope you're well.

I attach the meeting request as discussed.

Many thanks again,

Contrary to Public Interest

PS It's unfortunate you are not coming to the Property Council Congress next week. A great line up and a better insight into the funding drivers of the bigger property types than through most other industry functions.

Brisbane 4000

via email to
Donna.Woolaston@ministerial.qld.gov.au

Dear Minister

Request for meeting

I would like to arrange a briefing on our investment profile in Queensland and our major projects when your diary permits.

As you know, Stockland is Australia's largest diversified property company and the nation's largest residential developer. Our present and future Residential Communities investment in Queensland creates a project end value of just over \$12 billion, with the significant employment generation that entails.

As you also know, we are committed to working closely with your Government on the formulation of planning and sustainability policy. We also take a lead role in the policy work of the Property Council, Shopping Centre Council and the Green Building Council among others.

We had originally spoken of a lunch but that might not be an efficient use of your time.

Subject to your guidance otherwise, I envisage a one hour meeting which could involve a brief slide deck. Attendees from Stockland, known to you, would be Residential Communities, GM QLD, myself and Sunshine Coast Project Director.

When time allows, please ask your office contact me at Stockland on your advisers could join us.

Kind regards

Dear Minister,

Request for meeting

I would like to request a meeting, when your diary permits, to discuss some of Stockland's key projects.

As you know, Stockland is Australia's largest diversified property company and the nation's largest residential developer. Our present and future Residential Communities investment in Queensland have a significant effect on the economic productivity and employment generation for the Queensland economy.

The Minister has recently instrumented a number of key legislation and policy changes to achieve significant planning reform that includes the implementation of SPA, the Regional Plan and the release of the Koala SPRP, Air Noise & Pollution SPRP, revision of the Vegetation Management Act, Ban the Banners Legislation and the Coastal Management Plan. Stockland would like to discuss the implications of these policies to its current and future business planning and the potential impact for employment, affordability and growth in Queensland.

We would be pleased if you would make yourself available for a one hour meeting. Attendees from Stockland, known to you, would be *Contrary to Public Interest* GM QLD, *Contrary to Public Interest* *Contrary to Public Interest* GM Government Relations and myself.

We would be pleased if you could make time to meet with us before the end of February, when a number of submissions for the above mentioned State Policies are due.

If your office would like to contact me, my contact details are *Contrary to Public Interest* or *Contrary to Public Interest* to discuss the details. We would also be delighted if your advisers could join us.

We look forward to meeting with you.

Kind regards,
Contrary to Public Interest
