

2019/20 EDQ DA Fees and Charges Schedule

(V1.0)¹

Prepared under the *Economic Development Act 2012*

This schedule, consisting of Parts A and B, comes into effect on **1 July 2019** and supersedes all previous Economic Development Queensland (EDQ) development assessment fee schedules.

Pursuant to the *Queensland Treasury Principles for Fees and Charges (January 2018)*, the schedule incorporates the government indexation rate of 2.25 per cent for fees and charges for the 2019/20 financial year.

Part A sets out the fees and charges payable to EDQ for considering and processing -

- a PDA development application for —material change of use (MCU), reconfiguring a lot (RoL), operational work and building work
- compliance assessment against a PDA development condition
- sealing of a plan of subdivision
- changing or withdrawal of a PDA development application
- changing or cancelling a PDA development approval
- an extension of the currency period for a PDA development approval
- the temporary or permanent closure of a road
- a permit application for interfering with vegetation under a bylaw.

These fees and charges are imposed to recover, in part, costs incurred by EDQ for processing and considering the application.

In some instances, the assessment of an application categorised as Standard 3, Standard 4 or Major may require input from a specialist consultant (e.g. an acoustic consultant, hydraulics engineer or architect). In this instance, an additional assessment fee will be charged for the application. The applicant will be advised by EDQ Development Assessment staff where this is required for a particular development application and the amount of the additional fee.

Part B sets out the fee that is payable to EDQ to recover the costs of making and amending the relevant PDA development scheme. The payment applies at either lodgement of a PDA development application or sealing of a plan of subdivision. The timing of payment for the Part B fee is set out in Part B of this schedule.

THE APPLICABLE ASSESSMENT FEE FOR A PARTICULAR APPLICATION IS TO BE CONFIRMED BY AN EDQ DEVELOPMENT ASSESSMENT OFFICER PRIOR TO PAYMENT.

Delegations

Where responsibility for processing and considering a PDA development application has been delegated to a local government, the local government is responsible for setting the applicable fees. For information about the relevant fee contact the relevant local government for the PDA.

¹ A 50% discount of the applicable fee is available to a registered not-for-profit organisation

The applicable fee is to be confirmed by an EDQ Development Assessment officer prior to payment.
