Summary IAS

Details

Lead department	Department of State Development and Infrastructure
Name of the proposal	Brisbane Olympic and Paralympic Games Arrangements Regulation 2024 (Regulation) to prescribe venues and villages under the <i>Brisbane Olympic and Paralympic Games Arrangements Act 2021</i>
Submission type	Summary IAS
Title of related legislative or regulatory instrument	<i>Brisbane Olympic and Paralympic Games Arrangements Act 2021 (Act)</i>
Date of issue	11 July 2024

Proposal type	Details
Regulatory proposals where no RIA is required	<p>The <i>Brisbane Olympic and Paralympic Games Arrangements Amendment Act 2024</i> established the Games Venue and Legacy Delivery Authority (the Authority) to ensure Queensland's readiness to successfully host, and maximise the legacy and benefits from, the Brisbane 2032 Olympic and Paralympic Games (Brisbane 2032).</p> <p>Subsequently, the core responsibilities and functions of the Brisbane 2032 Coordination Office and the Olympic and Paralympic Infrastructure Office in the Department of State Development and Infrastructure were effectively transferred to the Authority upon its establishment, including the responsibility to deliver venues and villages for use during Brisbane 2032.</p> <p>Section 5A of the Act provides that:</p> <ul style="list-style-type: none">- a venue is a site or facility, prescribed by regulation, that is to or may fulfil operational or sports-related needs for the Brisbane 2032 Olympic and Paralympic Games, and- a village is a site or facility, prescribed by regulation, that is to provide accommodation and related facilities for competitors, team officials and other team personnel for the Brisbane 2032 Olympic and Paralympic Games. <p>To enable the Authority to undertake its functions related to the delivery of venues and monitoring and ensuring the delivery of villages, venues and villages must be prescribed by regulation. The venues and villages to be prescribed were already within the scope of Queensland Government agencies.</p> <p>As such, the proposed Regulation to prescribe venues and villages, giving effect to the Authority's functions to deliver venues and monitor and ensure delivery of villages, is machinery in nature and does not result in a substantive change to regulatory policy or new impacts on business, government or the community. No regulatory impact analysis is required under the <i>Queensland Government Better Regulation Policy</i>.</p>
