

QUEEN'S WHARF BRISBANE

Concept image only

PROJECT TIMELINE

2017

Access to site; demolition of non-heritage buildings; underground works

2018

Commence foundations for core development

2019/2020

Above-ground infrastructure; core development area and structure to take shape

2021

Internal fit out

2022

Expected opening of integrated resort

2024

Expected completion of Treasury building retail conversion

Queen's Wharf Brisbane Your Integrated Resort Development

In 2017, work will begin on a world-class integrated resort development that will put Brisbane firmly on the map as a tourism, leisure and entertainment destination.

The development will transform the Queensland capital's CBD and river edge with its stunning subtropical design.

Outdoor dining and entertainment spaces will maximise Brisbane's average 300+ days of sunshine every year, including the iconic Sky Deck at 102 metres above ground level. From hatted dining to pop-up stalls, mixed retail and local artisanal products, the precinct will showcase local fresh produce and Brisbane's friendly, laid-back lifestyle.

Queen's Wharf Brisbane marks the site of the city's first European settlers nearly 200 years ago. The area's many beautiful heritage properties will be revitalised and reactivated, helping bring the new precinct to life as a unique and vibrant development with a blend of historic and contemporary architecture.

Currently a largely forgotten part of the city, Queen's Wharf Brisbane is about to be transformed for future generations.

The Destination Brisbane Consortium, comprising of The Star Entertainment Group, Chow Tai Fook Enterprises and Far East Consortium won the right in 2015 to undertake this iconic development for Queensland.
