1. Acknowledgement of Country

The Department of State Development and Infrastructure (the Department) acknowledges the First Nations peoples in Queensland: Aboriginal and Torres Strait Islander peoples and their connections to the lands, winds and waters we now all share. We pay our respect to Elders, past, present and emerging.

We also acknowledge the continuous living culture of First Nations Queenslanders – their diverse languages, customs and traditions, knowledge and systems. We acknowledge the deep relationship, connection and responsibility to land, sea, sky and Country as an integral element of First Nations identity and culture.

The Country is sacred. Everything on the land has meaning and all people are one with it. We acknowledge First Nations peoples' sacred connection as central to culture and being. We acknowledge the stories, traditions and living cultures of First Nations peoples and commit to shaping our state's future together. The Department recognises the contribution of First Nations peoples and communities to the State of Queensland and how this continues to enrich our society more broadly.

2. Introduction

The Queensland Jobs Fund brings together the Queensland Government's current flagship industry development programs to boost the state's industry footprint, create jobs and strengthen Queensland's economy.

Integral to the delivery of the Queensland Jobs Fund agenda and helping Queensland businesses to overcome barriers and realise opportunities are the [Queensland Defence Industries 10-Year Roadmap and Action Plan](#) (the Defence Industries Roadmap), the [Queensland Aerospace 10-Year Roadmap and Action Plan](#) (the Aerospace Roadmap) and the [Queensland Space Industry Strategy](#) (2020-2025) (the Space Strategy).

An important action under the Defence Industries and Aerospace Roadmaps and the Space Strategy is the delivery of the Defence and Aerospace Industry Development Fund (DAID Fund). The DAID Fund supports Queensland small to medium-sized enterprises (SMEs)¹ by helping them grow their capability and capacity to participate in the defence, aerospace and space supply chains.

The DAID Fund is administered by the Department on behalf of the State and provides targeted financial assistance to eligible SMEs operating in the defence, aerospace or space sectors.

The Queensland Government is committed to providing opportunities to Aboriginal and/or Torres Strait Islander businesses to fully participate in the Queensland Economy.

Applications for the fourth round of the DAID Fund will be accepted up until midnight (AEST) Monday, 10 June 2024.

These guidelines provide essential information to Queensland SMEs about the financial assistance available under the DAID Fund, including eligibility criteria.

3. Program objective

The DAID Fund has been established to support Queensland SMEs who are currently (or have previously) supplied to the defence, aerospace or space sectors, to acquire internationally recognised certification(s) which will assist them in undertaking new opportunities.

In addition, the fourth round of DAID funding will also provide support to Queensland SMEs who can demonstrate an AUKUS Pillar II capability (specifically in undersea capabilities, quantum technologies, artificial intelligence and autonomy, advanced cyber, hypersonic and counter-hypersonic capabilities and electronic warfare) to acquire certification which will assist them to compete for new opportunities within the defence, aerospace and space industry supply chains.²

¹For the purposes of these guidelines an SME is as defined by the Australian Bureau of Statistics i.e. as having less than 200 employees.

4. Financial assistance

To be considered for DAID Fund assistance, applicants must satisfy all eligibility criteria and demonstrate a commitment to fulfilment of the DAID Fund's program objective to the satisfaction of the Department.

Financial assistance from a minimum of \$5,000 (excluding GST) up to a maximum of \$30,000 (excluding GST) in matched funding (up to 50 per cent funding) will be awarded to approved applicants. Aboriginal or Torres Strait Islander businesses³ may apply for up to 75 per cent funding.

Financial assistance will be provided to reimburse approved applicants for eligible costs paid by the applicant upon provision of satisfactory evidence of payment to the Department. All approved applicants are:

- required to provide a cash contribution equal to at least 50 per cent of total eligible costs (25 per cent for Aboriginal or Torres Strait Islander businesses); and
- permitted to apply for financial assistance from the DAID Fund for up to three eligible certifications. However, the total value of financial assistance from Round 4 of the DAID Fund for an approved applicant will not exceed \$30,000 (excluding GST).

Section 7 of these guidelines provides information on eligible certifications and costs arising from activities for which assistance is available.

5. Funding Arrangement

Successful applicants will be required to enter into a funding agreement with the State and activities must be completed within the time period stipulated in the funding agreement. It is expected that certification will be completed within 24 months of the commencement of the funding agreement.

The State has no obligation to provide financial assistance to successful applicants until a funding agreement has been properly executed by the relevant successful applicant and the State. Any financial or other commitments made towards eligible certifications by an applicant, prior to the execution of the funding agreement is at the sole risk of the applicant.

Prior to reimbursement, evidence of payment (eligible tax receipt) must be provided to the Department.

6. Applicant eligibility

To be eligible to apply, an applicant must:

- be an SME (i.e. a business with less than 200 employees);
- have business premises located in Queensland where its products, services or systems relevant to the defence, aerospace or space supply chains or AUKUS Pillar II capability are produced and/or delivered;
- be registered for GST;
- have an active Australian Business Number (ABN);

³ For these guidelines, an Aboriginal or Torres Strait Islander business is at least 50 per cent owned by Aboriginal or Torres Strait Islander person(s), refer to Supply Nation requirements (How we verify Aboriginal and Torres Strait Islander businesses - Supply Nation).

- provide evidence of:
 - current participation in defence, aerospace, or space supply chains; or

7. Eligible certifications, activities, and costs

Applicants may seek DAID Fund assistance for a maximum of three certifications per funding round from the list of eligible certifications in the table below. Applicants seeking DAID Fund assistance for more than one certification must list their proposed certifications in order of priority as approved applicants may not receive DAID Fund assistance for all proposed certifications.

The activities undertaken to acquire a certification comprise pre-certification and certification activities.

Pre-certification activities are often, but not always, undertaken within the business as it prepares for a formal audit by a certifier or inspector accredited by JAS-ANZ⁵ or equivalent. They might include an assessment of the policies, systems and documentation required for the certification; the development of those policies, systems and documentation where a gap is identified; and staff training in new policies and systems. Some of these pre-certification activities are deemed eligible under the DAID Fund. Refer to the table below for further information on eligible pre-certification activities.

The certification activities, which must be undertaken by a certifier or inspector accredited by JAS-ANZ or equivalent, usually comprise a Stage 1 Audit which benchmarks the business systems against the applicable standard and identifies gaps; and a Stage 2 Audit to confirm the system meets the applicable standard. If the business meets the applicable standard, a certification registration fee will be payable. Refer to the following table for certification activities that are eligible for funding:
