An Introduction to Information Security

Webinar 1 Information Sheet

Web Sites		
ACSC (Australian Cyber Security Centre)	**https://www.cyber.gov.au/**	Federal Government unit that provides cyber security guidance to individuals, businesses and organisations.
	https://www.cyber.gov.au/acsc/cyber-security-awareness-month-2022	Cyber Security Awareness Month information.
ACSC Guide to email account security (Outlook)	**https://www.cyber.gov.au/acsc/view-all-content/guidance/how-check-your-email-account-security-outlook**	This step-by-step guide will explain how to check the security of your email account for Outlook.com, Microsoft 365, Live, Hotmail, and MSN on your computer.
	https://www.cyber.gov.au/sites/default/files/2022-06/acsc-guide-email-account-security-outlook-v3.pdf	Downloadable PDF.

Queensland Government

	https://www.cyber.gov.au/acsc/view-all-content/essential-eight	While no set of mitigation strategies are guaranteed to protect against all cyber threats, organisations are recommended to implement eight essential mitigation strategies from the ACSC's Strategies to Mitigate Cyber Security Incidents as a baseline. This baseline, known as the Essential Eight, makes it much harder for adversaries to compromise systems.
Scamwatch	**https://www.scamwatch.gov.au/**	Scamwatch is run by the Australian Competition and Consumer Commission (ACCC). It provides information to consumers and small businesses about how to recognise, avoid and report scams.
	https://www.scamwatch.gov.au/get-help/protect-your-small-business	Protect yourself and your business by being aware of the common scams targeting small businesses.
NIST Cyber security framework	**https://www.nist.gov/cyberframework**	NIST is the National Institute of Standards and Technology at the U.S. Department of Commerce and is a well-respected source of information. This cyber security framework consists of standards, guidelines and best practices to manage cybersecurity risk.
